Appl. No. 10/723,396

One of the main issues before the Board in co-pending application Serial No. 10/255,216 is enablement under 35 U.S.C. §112, first paragraph - which is the same issue that is under final rejection in the present application.

Rather than argue the same issue in both applications, the undersigned is filing this petition to suspend examination in the present application until the Board of Patent Appeals and Interferences decides the enablement issue in co-pending application Serial No. 10/255,216.

The undersigned authorizes the Commissioner of Patents to charge the necessary petition fee under 37 CFR §1.17(g) of \$200 to deposit account no. 12-2136 to consider this petition.

If necessary, the undersigned further authorizes the Commissioner of Patents to charge deposit account \$250 and consider this petition to include a Notice of Appeal from the final rejection of pending claims 1-9, 21-26 and 28-30 dated October 2, 2006.

To the extent necessary, a petition for an extension of time under 37 CFR §1.136 is hereby made. Please charge the fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account No. 12-2136 and please credit any excess fees to such deposit account.

Respectfully submitted,

Michael S. Gzybowski
